# PEOPLE

95%

of cybersecurity breaches are caused by human error

2021 CISCO

6

---

---

---

---

---

---

---

---

**POLICY**

**77%**  
of companies do not  
have an incident  
response plan in place

7

---

---

---

---

---

---

---

---

**PRODUCTS**

**99%**  
of all users who had their  
accounts compromised  
did not have MFA enabled

2022 Microsoft RSA Conference
