

Montana Land Title Association: Spring Ed Seminar

May 15-16, 2025

Helena, MT

Title: Title Trivia/Group Discussion

Moderator: AnneMarie E. Walette

Overview: This two-hour time slot will be a game of Kahoot!, an interactive game where seminar attendees will participate in title trivia on their cell phones, competing for the title of champion.

Outline: Kahoot! – The attendees are asked to either pull out their cell phones or join another attendee who brought their cellular device to play “Kahoot!”. First, the individual(s) create a team name and are able to join the web-based game program. The game will be preloaded with approximately 30-40 multiple choice title industry questions. From their phone they are able to pick an answer and the faster they answer the question the more points they are awarded. At the end, the game calculates the individual or group with the most points and displays who is the Kahoot King in the room.

Overall: The goal is to teach or emphasize vocabulary, do’s and don’ts of the business, encourage camaraderie and conversation, and have a low risk competition at the end of a long day of speakers. This session has been well received in the past and is an enjoyable way to reiterate things learned throughout the day, while also testing ourselves with our knowledge of our industry.

TIMED OUTLINE

Title: Title Trivia/Group Discussion; CE 2 hours

:10 Introduction

- Provide attendees with the QR code to gain access to the Kahoot! app or online game that is linked to our game
- Explain the format of the game

1:45 Game

- Pre-prepared questions will appear on the screen with a moderator reading the questions aloud
- A second microphone will be roaming the audience section for questions or comments as the game progresses
- The moderator oversees the pace of the game, meaning one question can lead to minutes long discussion about a question

:5 Conclusion

- Presentation of winners
